Chapter Director's Message

As we roll into MY favorite month of the year, we should always focus on the many, many things we should be thankful for. Where would we be without our freedom which is kept for us daily by our armed forces both here and abroad? What would we do without our great family and friends to share our lives with? For those of us still having to get up each and every morning to go to our jobs, isn't it worth it when that paycheck arrives and we are able to "finance our fun"? Don't forget those lucky retirees, being able to live the rest of their lives without weekends, clocks or deadlines. We do have so much to be thankful for. In the midst of global financial crises, home foreclosures, and health problems, it has been a great life with so many memories.....more than I can possibly recall. The hard drive in my brain is sometimes overloaded with the daily, weekly, monthly and yearly activities, struggles, problems and concerns but when I lay down my head at night it is all good. Tomorrow is a new day. A day to make and do with what I want. So spend sometime this month and list the things you are thankful for, pull out some old pictures, spin some old tunes on the turntable and it might just bring a smile to your face.

Something else that might make you smile is the annual Los Altos Holiday Light Parade which is on the 27th of this month. This is a time to release your creative juices and go crazy on your bike. Hook up a converter and buy some lights (LED preferred) and

anything else you can think of adding to make your motorcycle shine at night and join us. CA2S is always the crowd favorite. People line up for blocks, three or four rows deep, just to see us come around the corner with our bikes all lit up. You can hear them cheer for miles. Already signed up for this great ride are Verdi Jercha, Roger Walls, Larry Earl, and Doug Loyd. So, come out and have some fun to start off the holiday season. If you need any help or ideas, please do not hesitate to contact any one of these fine folks and they will gladly help you out.

We are so glad to hear that John Watt is doing so much better after his recent heart attack. He underwent surgery to insert two stints in his arteries and made a remarkable recovery. Irene and I spent a weekend with him and Debbie last month and you could never tell he ever had any problems (except for the change in his diet.) He stresses that it should be a wake up call to the rest of us.....get your check up, eat right and exercise. From what he told me of the incident, you never want to experience it for yourself.

Congratulations to Jim and Sherry Carr on the new addition to their family. They recently purchased Larry Rossi's Goldwing and took it out on an impromptu ride to Monterey last month. We are going to miss all the excitement and attention that their yellow trike brought whenever and wherever we stopped on our rides but are glad that they can become full fledged members of GWRRA again.

A big welcome to our newest members, Bill Hubbs and Kathryn Wilkinson. So glad you have chosen to join up with us and hope you have been enjoying the rides, meetings and get togethers. If you haven't met this wonderful couple, be sure to attend the chapter meeting on the 18th and say "HI" to them.

grandpooHBOB and I. Wing

CA2S News

Assistant Chapter Director's Message

When Deb and I volunteered for the ACD position, we were asked if we would be willing to step up into the CD position when Bob and Irene moved away. So, this hasn't come as a surprise to us. In fact we embrace the challenge ahead of us.

Deb and I would like to thank Bob, Irene, and current staff for all they have contributed to CA2S. We would also like to thank the members who take an active role in being present at our meetings, chapter rides, and events.

We will be talking to folks that are willing to work with us to enhance the CA2S chapter. If you are interested in taking on a position, or have some questions or suggestions, then please talk to us and share your ideas.

John Watt dodged a bullet this past month and had multiple stints inserted to improve his blood flow. He said he had all the classic heart attack symptoms: chest, jaw, and left arm pain. He says if you ever have these symptoms.....get to the hospital....right away.!!!!!!

Continue to keep him and Debbie in your thoughts and prayers.

Who's got the wingnut? Bob Neitro

And now a kind word for our sponsors:

WING NUT

Gold Wing Specialist

1642-A North Texas Street * Fairfield CA 94533

District Director's Message

So after 20+ days on the road sleeping in 10 or so different beds, covering about 2,000 miles to attend 5 Chapter Rally's, Rene and I are ready to head home for a few days to catch up on some needed quiet time. But don't put your bikes away too soon, we still have 2 more Chapters to support this year in November. CA-1N is hosting their "Ride for Kids" event on November 5th, and CA-1C's Coyote Rally is on November 6th. So until we meet again, "Hang on - we're going for a ride".

Bill & Rene Johnson
GWRRA California District Directors

www.gwrra-ca.org

DD Review,

Well, it has been a busy month to say the least. We started out early attending CA-C's Harvest Run up Sacramento way, then headed south from there. Along the way, John & Lynda Baker graciously hosted us at their annual "V" Run, after which we joined a large group of their chapter for dinner at a local BBQ Buffet house. It's always a bit more fun to be able to socialize in a relaxed atmosphere rather than the typical Rally where a lot of business takes place. It gives us time to get to know the members better one on one.

The next day, we headed down to "Ride with the Eagles" of CA-1E where we were greeted by another great group of Wingers. CA-1E is one of our smallest chapters, so to see them try to handle over 150 visiting members was interesting to say the least. But as expected, whenever there was a need, members from sister chapters jumped in and helped do everything that the Eagles needed. It warmed our hearts to see how many unselfish members were there to lend a hand. In the end, CA-1E had a very successful event. Great food, great prizes, and lots of company.

After a week of some family visiting in the central and southern part of the state, we ended up our Oktoberfest by attending CA-1F's Halloween Run in San Diego followed by CA-1Z's Zebra Rally in Temecula. So to answer your question, yes, we have been extremely busy.

At every event, we are blessed to have a great turnout of District Staff to show the same support to the chapters as you all have done for us by attending the District Convention in great numbers each year. We are extremely proud of turnouts we have noticed at every Chapter Rally. With a state as large as California, it's easy to overload on Rally's, but you all seem to understand that these events are what help fund our Chapters throughout the year, so please accept our heartfelt thanks for all you do.

Doc Wong's Calendar of Riding Clinics

"CPR and First Aid for Motorcyclists Class" November 5, Saturday 9 am

"Riding Position and Ergonomics Workshop" November 4, Friday 7 pm

"Cornering Confidence - Throttle Control" November 13, Sunday 9 am

"Basic Suspension Part 2" November 11, Friday 7 pm

"Dual Sport Dirt Riding Clinic" November 18 & 20, Friday 7 pm, Sunday 9 am

"Riding Position and Ergonomics Workshop" December 2, Friday 7 pm

"Basic Suspension Part 1" December 9, Friday 7 pm

"Smooth Riding - Shifting and Braking" December 18, Sunday 9 am

These clinics are hosted by Dr. Harry Wong, a Redwood City chiropractor and sport rider. The clinics are free, except for the CPR/First Aid class, and are conducted at his office in Redwood City and in the Santa Cruz mountains. More information is available at www.docwong.com/st-clinic/, or by phoning (650) 365-7775. He also maintains the Doc-Ride mail list, which you may subscribe to at the web site. If you intend to attend any of these events, you should confirm by email or telephone to his office.

1994 Goldwing 1500 Interstate, and matching trailer.
 Both in excellent condition. Pearl Atlantic Blue in color.
 Bike has 97233 miles. It's been well maintained and has numerous chrome accents.
 J&M CB Radio, Progressive Front Springs, Air Horn, upgraded to Compu-fire alternator, accessory switch panel, Tulsa tall windshield, trailer hitch & wiring, cruising boards.
 Built in intercom with passenger as well as AM/FM/Aux IN. Stock seat, driver footpegs, & passenger footboards. This bike does NOT have power reverse (just have to use your legs).
 Trailer is a Trail-Mate I, and painted to match the color of the bike. 500# max cargo, 15 cu feet of storage.
 Swivel hitch, ice chest, spare tire, lights & stand.
 Clear titles.
 Both for \$5500.00
 email:fixitdano-gw1500@yahoo.com or call. Dan. 408.729-0548

I have quit working on cars and bikes and am ready to get rid of some nice tools and a Snap-On Box. There is a seven drawer Roll-Away with a Five drawer Top Box with seven 4 inch wide drawers on the right side. There is a 10"X18" side cabinet that hangs on one side of the Roll-Away. There are many Snap-On, Craftsman and other tools that fill the tool box. Many dollars have been spent and good care taken of the this. I am asking \$1,700.00 for everything. I do not want to split things up so it all has to go together. A great way for someone who might be thinking of buying tools and to save a couple thousand dollars. Call me at (408) 252-7777 or (408) 655-7630. Virg

Dunlop D250 Radial 130/70HR18, front tire for GL1800. \$90 (new MSRP \$212). Pulled off 2010 Wing at only 91 miles. Nothing wrong with tire except I do not like the tread design. Contact Douglas at ddloyd@cwnet.com

2001 GL1800 CB radio - \$200

This is just the CB Radio module and it is lacking the CB antenna and three filters. When you buy the complete radio kit for ~\$650, you get all this stuff. However, you can then buy the filters and the antenna new for another \$150 from Wingstuff, and get a whole CB Radio set-up for ~\$350. Big Savings of \$300!

The Corbin seat is gray. It has scuffs on it (unrelated to the accident) but no tears. It has a backrest and is heated. Mark bought it used from someone else when he first bought his GL1800, and this first owner had a sidecar on his GL1800. So, there is an interesting curve on one side of the seat to make room for the sidecar brace. But, it's no big deal. The seat costs about \$1500 new, I believe. Mark bought it used for \$900, and will make it available to a CA2S member for \$350. Other stuff, Owners manual, carpet inserts for trunk and saddlebag, OEM toolkit ...

Contact John Raser, 268-0367

FOR SALE

**2000 Bushtec Turbo+2
 Motorcycle Trailer**
 with
 *upgraded wheels,
 *lighted rear bumper,
 *spare tire,
 *full trailer cover,
 *garment bag &
 *cooler with cover

If purchased over \$400 from Bushtec, purchase price would be ~\$4,000, plus shipping

\$1,750
 Call: (909) 471-6647

I have a backrest that fits on any GL1500. It's FREE!
 Come and pick it up. Roger 408 859-6065

Accident Management

Help your fellow riders by thinking ahead, being prepared

By: Cash Anthony

After an accident, the people you ride with want to be useful. They will feel helpless enough if they aren't medical professionals with adequate gear to start making a difference, for in serious accidents, first aid seems superficially valuable or is even impossible to render. If they have access to communications and to important information, however, they can still help save your life. In light of Karen Miller's accident last November, here are some tips I gleaned from dealing with an emergency situation. The first four are offered to enable your fellow riders to help you immediately, the rest over the longer term.

- Carry a cellular phone when you ride, if possible. If you don't have one, ask who in the group has one and where on the bike it is kept.
- Carry legible ID and keep it current. If you've moved since your driver's license was issued, you can get a ticket for failing to update it -- as well as cause confusion about such basics as "where does she live?" Check or sign the organ donor box on it, if you would want to donate in a worst-case scenario.
- Carry a list of medications you take routinely and keep it current. List allergies or medical conditions that EMS techs/doctors need to know about to treat you.
- Carry a list of persons to contact and their current telephone numbers, including area codes. If those living with you are likely to be hard to reach, or you live alone, friends who ride with you should be able to figure out easily who to call from information on your bike or your person. (Even if they can gain access to your home by taking your keys from the scene, it doesn't mean they can find your address book.) Karen had thought to carry names and telephone numbers of relatives and friends with her, which saved her fellow riders a lot of stress after LifeFlight left, when they started the notification process.

Hospital and emergency personnel will presume that an unconscious person has given them consent to save his or her life. But even when a rider has a close family member who can legally take over subsequent medical decisions (as far as the hospital's lawyers are concerned), your fellow LSL members may still be uncertain about which family member should be given your valuables, your keys, your jewelry, and access to your home -- especially if the family members argue about it when they get together to meet the witnesses and pick these items up.

It is unfortunately only a cheerful fiction that all of a downed rider's brothers and sisters and in-laws will be getting along splendidly the week that an accident happens -- not to mention the new lover and the ex-spouse. Would you want your cousin who's on parole rummaging through your mail while you're laid up? If you have no skeletons in your closet of relatives, you can ignore these suggestions. But for many of us, there are some troublesome realities among our relatives. So, for the longer term...

- Have a durable Power of Attorney prepared appointing someone close to you to be in charge of your business and legal affairs, in writing. "Durable" means the person designated can act for you even if you could not act for yourself (i.e., if you were unconscious, or sedated for a long time). This is not a "form" document that you can buy, but it is usually inexpensive to have it prepared. "Close" means living in your area as well as close by relationship: if someone is making decisions critical to your well-being, he or she will be better informed after talking to your doctors face to face, if possible.
- If you have given someone verbal authority to act for you in an emergency, do not leave written authority appointing someone else. Revoke conflicting Powers of Attorney and have a correct one prepared. Then tell someone who rides with you whom you designated! If you don't want to discuss this every time you go out, put a copy of the durable Power of Attorney with the list of phone numbers on your bike, or leave it with someone who is on that list of persons to notify in case of an accident.

If you're riding with someone who goes down and are helping at an accident scene, get the name of the investigating officer in charge and find out where the vehicles are going and where the accident report will be. Take photos if you can. Retrieve the rider's ID, insurance card and personal items from the bike and protect them. Find the lists of phone numbers and medications as soon as possible.

Riders who witness a serious accident will be somewhat in shock even if they were uninjured. If you are managing an accident scene where a friend has been hurt, let bystanders help you as well as your friend, if they can. Don't rush to get to the hospital once your injured friend has been removed. Take time to collect yourself before riding again. Have a drink of water (shock can make you dry-mouthed), and try to remember to thank the emergency personnel and any bystanders who helped you, before you leave.
